As we head into another season, I would like to remind everyone that we are being a small community, and with being a small community we have to always be mindful of our neighbors with all things we do on a daily basics.

If you are a pet owner please remember that our rules state that your pet needs to be on a leash at all times when outside and always pick up after your pet when you are out walking them. If you happen to witness someone that is not following this rule, or any other rules, we the management can only address the violations that we witness or have received in writing. If it is not in writing, we can only listen to your complaint.

Parking is very limited here in our community so please use what you have wisely and remember that the common parking areas are for everyone.

During the past few seasons I have been hearing more talk form different residents that they would like to see some sort recycling program offered here at Palm Shores. This fall I had the opportunity to looked into that possibility and the refuse service that we use, Florida Refuse does have a program for commercial businesses. Unfortunately, this service is not free if we want to add it to what we currently do. Our best option for keeping the cost as it is now, is to have once a week pick-up for garbage and once a week pick-up for recycling. Now, keep in mind, these are just ideas at this point and nothing is set. We will be having discussions threw out the season with the board members and the community as a whole.

We are looking forward to another great season this year and hope that you are too. If you ever need to talk to us or have something you wish to share, please do not hesitate to call on us. Our door is always open.

These are the two bucks I shot this year. The one on left is a 6 point which was my first buck ever. The one on the right I shot about two weeks later and it is an 8 point. I was very excited.
