SUMMER UPDATE

I hope this newsletter finds everyone in good health and enjoying the summer. We are having an extreme heat wave and very little rain right now so its not very enjoyable here in sunny Florida. Oh well mother nature has a mind of her own and she's not taking any request.

Road update: The new speed humps have been put in at both entrances along with some new road signs. All patch work on areas of the road that were in the worst shape have been done. The sealing of everything will be taking place real soon. Please use caution when you come in the park until you get used to going over the humps. As always be mindful of your speed threw-out the park. We all can be a part of solving this ongoing problem that we have been having.

Update on Nick: First off, I would like to say thank you for all the prayers and well wishes that were said for my dad and the rest of us it was a great comfort knowing that we had so many people lifting us up. The Surgery was preformed on May 2nd and was a complete success. The cancer had not spread to any other areas of his throat or neck so no follow up radiation or chemo was necessary. The surgeon was also able to put in the TEP which is the prosthetic that dad uses to talk with. It took some time to get the hang of things and healing to occur but dad is now back to talking up a storm and even has a hands free devise that allows him to talk just like he was before surgery. The only difference is that his voice is no longer as loud as it was.

A very special member of Phillip's family went home to be with the Lord, his Grand Mother who celebrated her 90th birthday last July passed away the day before Easter this year.

School is out and the kids have been to camp. Kayla is still playing softball almost every weekend and Conner is bowling at least twice a week. We are all waiting for our vacation later this month. We will be going on a cruise to the Western Caribbean. I will post picture in the next newsletter.

I wish everyone a safe Forth of July and happy summer. Sarah

Lonnie & Joyce McGhee	16
Charles & Esther Towns	17
Danny & Sharon Brown	26
Tom & Linda Robinson	30

September Anniversaries

Lowell & Sandy Munchell	14
-------------------------	----

These were some great catches by Jim McTee and Ken George. Jim's fish was 5lbs and 22" long while Ken's was 7 lbs and 23.5" long. Thanks for sharing the pictures with us. I wonder if anyone can do better next season.

QUICK REMINDER

- For those that are here or those that plan to come down, please remember it is hurricane season and advance preparations do help set things at ease in an advancing storm.

Joke Spot

Tony was 9 years old and was staying with his grandmother for a few days.

He'd been playing outside with the other kids, when he came into the house and asked her, 'Grandma, what's that called when two people sleep in the same bedroom and one is on top of the other?' She was a little taken aback, but she decided to tell him the truth. 'Well, dear, it's called sexual intercourse.

Oh, Little Tony said, 'OK,' and went back outside to play with the other kids.

A few minutes later he came back in and said angrily, 'Grandma, it isn't called sexual intercourse. It's called Bunk Beds. And Jimmy's mom wants to talk to you.'
